Category:Windows Phone 8

This category is for all Windows Phone articles that are valid for Windows Phone 8 (as WP is backwards compatible, this will contain many WP 7.5 articles). Note that the presence of this category indicates that an article is valid, but its absence may simply indicate that the article has not been categorised.

What's new in Windows Phone 8 (31 Oct 2012): Find out in the comprehensive What's new in Windows Phone 8 article.

Windows Phone SDK 8.0 now available (31 Oct 2012): Get the new WP SDK 8.0 here. You'll need Windows 8 to run it (Pro version in order to use the Emulator).
