## Features Videos: Maemo

This page contains featured videos for Maemo category.

Featured videos are considered to be good quality, as determined by the Nokia Developer Wiki administrators. Before being listed here, these videos are reviewed for accuracy, neutrality, completeness, and style.

Note: Read this help page if you want to add videos in your article: How to add video

Warning: Featured articles archives are now maintained as blog posts here.

## Legacy Featured Video Archive

This archive is discontinued but is maintained here for reference.

## Long Weekend: UX Meets Code

Week 2nd - January 10th 2010

The media player is loading... What was UX Meets Code, anyways? Quim Gil, Sanna Häiväläinen, Michael Hasselmann, Patricia Montenegro, Tomasz Dominikowski, Sanna Nordling, and Alia Merali discuss what the UX Meets Code Weekend was and what it meant to them. If you'd like to learn more, visit http://www.developer.nokia.com/ or join the community at http://maemo.org.
