Articles

A

- Adding sound to SVG animation with XML parsing in Java ME
- Audio mixing in Java ME

D

- Developing a 2D game in Java ME - Part 6

F

- Finding audio and video formats supported by the phone in Java ME

H

- How to get external volume buttons events
- How to handle multiple sounds in Java ME
- How to listen to radio in Java ME

H cont.

- How to play a beep in MIDP 1.0 without other API
- How to play mp3 from server in Java ME
- How to play multiple sound fx in Java ME
- How to play music files using JSR 135
- How to play music on the background while running a MIDlet
- How to play sound in Java ME
- How to take pictures, record videos and play music using MMAPI

H cont.

- How to use the EqualizerControl in the Java ME AMMS API

M

- MIDlet volume control in Series 40 and S60 devices

N

- Not Supported - Java Speech API 2.0 (JSR 113)

P

- Playback with 3GPP audio files not working correctly with JSR-135 player in Nokia 5800 XpressMusic (Known Issue)

U

- Using audio feedback for non-cursive text

C

- Como reproduzir MP3 a partir de servidor em Java ME
- Como tirar fotos, gravar vídeos, e tocar música usando a API MMAPI
- Como tocar som no Java ME
- Como tocar um sinal sonoro ("beep") no MIDP 1.0 sem APIs extras
- Como trabalhar com múltiplos arquivos de áudio em Java ME

中

- 中文 如何在电话接入时处理音频播放
- 中文 如何播放 Series 40v3 文件系统中的中文名mp3

A

- Audio playback via JSR-135 works in S60 1st Edition Emulators but not devices (Known Issue)
- Audio progressive playback using Java ME not working without format suffix on Symbian (Known Issue)
- Audio/x-wav throws a MediaException on the Nokia 6230i (Known Issue)
- Encoded WAV files with the Nokia 6600 software version 5.27.0 not possible (Known Issue)
- JSR-135 player throws Symbian error after answering a phone call in S60 3rd Edition FP2 (Known Issue)
- MIDI sounds from MIDlets in background not stopped on S60 2nd Edition (Known Issue)

A cont.

- MIDI support on Nokia 6030 (Known Issue)
- MIDIControl.setChannelVolume may panic if MIDI channel volume changes independently at the same time (Known Issue)
- MMAPI cannot play MIDI on Nokia 6630 (Known Issue)
- MMAPI player crashes with file names longer than 93 chars in S60 3rd Edition FP1 (Known Issue)
- Playing large audio files using Java ME InputStream throws an OutOfMemoryError (Known Issue)
- Profile settings and playing sounds in MIDlets on Series 40 2nd Edition (Known Issue)

A cont.

- S60 profile settings and playing sounds in MIDlets (Known Issue)
- Sound recording gets truncated in S60 3rd Edition, Feature Pack 1 devices (Known Issue)
- TempoControl.setTempo() does not return on early S60 3rd Edition firmware (Known Issue)
- Video/audio recording problems using Java ME on Nokia N93 and Nokia N93i (Known Issue)
- Warning note in some Series 40 devices after setting application to "Always allowed" (Known Issue)
