

## Category: Series 40 Developer Platform 2.0

This "version" category is for articles that are relevant to the platform: Series 40 Developer Platform 2.0 (which follows Series 40 Developer Platform 1.1 and supports "full touch"). Articles in this category should also have Category:Touch UI (along with Category:Series 40). Note that the presence of this category in an article indicates that it is relevant to the platform, but its absence does not necessarily indicate that the article is not relevant.
