

# Series 40 Webinars - Learn and Win prize draw 2013Q1

---

Learn and Win is returning for 2013 in conjunction with the Series 40 [Java](#) and [web apps](#) webinars.

From January to April we'll be holding a prize draw to give away two Nokia Asha 305 phones, various phone accessories, Asha t-shirts, and Asha caps each month.

## How to participate

---

First, register for a Series 40 [Java](#) or [web apps](#) webinar. Then, attend either of the webinar sessions or watch one of the online recording during the week after it's available. During the session a question and answer will pop-up, make a note of both the question and answer. A week after the online recording is made available; you'll receive a short feedback questionnaire about the webinar that includes the question. Complete the questionnaire and provide the correct answer to the question. Each completed questionnaire for a webinar will provide you with one entry in the draw for the month the webinar was presented in. So remember, the more webinars you register for then attend or watch the greater your opportunity to enter.

Here are the entry rules:

- you must have registered for a webinar to have the opportunity to enter.
- you must either attend the webinar or watch the online recording in the week after it's made available.
- you must complete the feedback questionnaire and answer the prize question correctly.
- you'll get a maximum of one entry per webinar, registering for both sessions won't enable you to get two entries.

See the [fine print](#) for more information.

## The prizes

---

Each month the following prizes will be available:

- two (2) Nokia Asha 305 phones.
- various phone accessories.
- Asha t-shirts.
- Asha caps.

Where legal restrictions prevent the drawn prize being delivered, an alternative prize will be awarded.

## Draw process

---

Winners will be selected by a random draw made from all completed questionnaires that correctly identify the answer to the question posed during a webinar. Winners will be contacted by email.

## Feedback

---

General questions or comments concerning this competition can be submitted as comments to this wiki page or emailed to [webinar.experts@nokia.com](mailto:webinar.experts@nokia.com).

## The fine print

---

The main sponsor of Learn and Win is Nokia Corporation, Finland ("main sponsor"). Learn and Win is a prize draw. No purchase or admission fee is necessary to participate. By participating in Learn and Win the participant indicates his/her/its acceptance of these rules and agrees to be bound by them as well as any rules and regulations of Nokia Developer. You acknowledge and agree that no form of cheating will be tolerated. Any persons found cheating, as determined in the sole and absolute discretion of the main sponsor, will immediately be disqualified from the draw. To the maximum extent permitted by applicable law, the main sponsor reserves the right at its sole discretion to amend, withdraw or revise these rules and the prizes at any time without notice and in such event the main sponsor shall not have any liability whatsoever.

This Learn and Win prize draw shall not constitute a commitment or create a joint venture, partnership, agency or other business relationship between the participants and the main sponsor of this competition. This Learn and Win prize draw shall not either be understood to grant to any participant whether expressly or by implication any ownership, rights or license to any intellectual property rights of the main sponsor and vice versa. To the maximum extent permitted by law, Nokia shall not be liable for any

damages arising out of the participant's participation in the Learn and Win prize draw. The laws of Finland shall be applicable to any disputes arising out of the Learn and Win prize draw. Unless otherwise provided for in applicable mandatory legislation, such disputes will be finally settled in the public court of Helsinki.

Nokia, Nokia Developer employees and contractors may not enter.
